

Topia Manage

Talent Mobility Delivery, Automation, and Analytics

Topia Manage powers delivery of your Global Talent Mobility program with embedded best practices, powerful automation, and data translated to insights. Focus on delivering mobility aligned with your global Talent Management strategy and put employees at the center of the experience. Focus on preventing issues before they happen with real-time visibility across your entire mobile population, with only the click of a button.

Simplify the management of internal teams and external vendors with task management, SLA tracking, and real-time alerts. Leverage the extensive workflow automation capabilities to eliminate repetitive and time-consuming data entry tasks, and free up your team to focus less on admin and more on strategically partnering with the rest of your business.

Key Capabilities

Act on Insights: Analyze your data in one place and leverage advanced reporting and analytics to continuously benchmark and enhance your global mobility program.

Streamline Your Program: Significantly improve the efficiency and effectiveness of your program - both internally and with your complex vendor network.

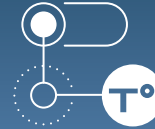

Minimize Personally Identifiable Information (PII) Risk: Manage and control access to employee data and eliminate unnecessary risk through integrated data flows, not insecure email.

Deliver a Best in Class Experience: Transform the way mobility works for your business with a modern, intuitive user experience that makes it easy for anyone to interact with mobility and get what they need.
